Independent Auditor's Opinion

To the Board of Education
Irvington Consolidated School
District No. 11
Washington County, Illinois

We have audited the financial statements of **Irvington Consolidated School District No. 11** as of and for the fiscal year ended June 30, 2017, as listed in the table of contents, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Illinois State Board of Education. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the financial statements are prepared by **Irvington Consolidated School District No. 11**, on the basis of the financial reporting provisions of the Illinois State Board of Education, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to comply with the requirements of the Illinois State Board of Education. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statements referred to in the first paragraph do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of **Irvington Consolidated School District No. 11** as of June 30, 2017, or the changes in its financial position for the year then ended.

Opinion on Regulatory Basis of Accounting

The District has omitted disclosures required by Governmental Accounting Standards Board Statement 45 *Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions*. The amount by which this disclosure would affect the financial statements is not reasonably determinable.

In our opinion, except for the effects of the omissions described in the preceding paragraph, the financial statements referred to above, which collectively comprise the basic financial statements as listed in the table of contents of the annual financial report form, present fairly, in all material respects, the assets and liabilities arising from cash transactions of **Irvington Consolidated School District No. 11** as of June 30, 2017, and its revenue received and expenditures disbursed during the fiscal year then ended, in accordance with the financial reporting provisions of the Illinois State Board of Education on the basis of accounting described in Note 1.

Other Information

Our audit was made for the purpose of forming an opinion on the financial statements taken as a whole. The information provided on pages 2 through 4, supplementary schedules on pages 23 through 26, statistical section on pages 27 through 29 and the itemization schedule on page 33 and, other information relative to the Illinois Municipal Retirement Fund are presented for the purposes of additional analysis and are not a required part of the financial statements of **Irvington Consolidated School District No. 11**. Such information, except for the average daily attendance figure, included in the computation of operating expense per pupil on page 28 and per capita tuition charges on page 29 and the other information relative to the Illinois Municipal Retirement Fund, is the responsibility of management and has been derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole. The information on pages 28 through 30 is propagated from information in the audited financial statements, but we take no responsibility for the accuracy of those calculations. The Report on Shared Services or Outsourcing on page 31 contains unaudited information concerning prior, current, and future year expenditures which was provided by the District. The Administrative Cost Worksheet on page 32 contains unaudited information concerning the current year budget which was provided by the District. The actual expenditure information on this page is fairly stated in all material respects in relation to the financial statements taken as a whole. The average daily attendance figure, included in the computation of operating expense per pupil on page 28 and per capita tuition charges on page 29, and the other information relative to the Illinois Municipal Retirement Fund on page 35-14 have not been subjected to the auditing procedures applied in the audit of the financial statements, and accordingly, we do not express an opinion or provide any assurance on them. The Table of Contents references a Federal Compliance Section on Pages 37 through 46; however, this District was not required to have a Single Audit and this section has not been completed.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued a report dated September 28, 2017 on our consideration of **Irvington Consolidated School District No. 11's** internal control over financial reporting and our tests of its compliance with laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting and compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on and Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Board of Education
Irvington Consolidated School
District No. 11
Washington County, Illinois

We have audited the financial statements and the related notes to the financial statements of **Irvington Consolidated School District No. 11** as of and for the year ended June 30, 2017, and have issued our report thereon dated September 28, 2017. Our opinion was adverse because the financial statements are not prepared in accordance with generally accepted accounting principles. However, the financial statements were found to be fairly stated, except for the effects of the omitted disclosures required by Governmental Accounting Standards Board Statement 45, *Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions*, on the cash basis of accounting, in accordance with regulatory reporting requirements established by the Illinois State Board of Education, which is a comprehensive basis of accounting other than generally accepted accounting principles. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered **Irvington Consolidated School District No. 11's** internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of **Irvington Consolidated School District No. 11's** internal control. Accordingly, we do not express an opinion on the effectiveness of **Irvington Consolidated School District No. 11's** internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and responses that we consider to be significant deficiencies, item 17-01.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether **Irvington Consolidated School District No. 11's** financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Irvington Consolidated School District No. 11's Response to Findings

Irvington Consolidated School District No. 11's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. **Irvington Consolidated School District No. 11's** response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The District's accounting policies conform to the cash basis of accounting as defined by the Illinois State Board of Education Audit Guide. The District has evaluated events and transactions through September 28, 2017 for potential recognition or disclosure.

A. Principals Used to Determine the Scope of the Reporting Entity

The District's reporting entity includes the District's governing board and all related organizations for which the District exercises oversight responsibility.

The District has developed criteria to determine whether outside agencies with activities which benefit the citizens of the District, including joint agreements which serve pupils from numerous districts should be included within its financial reporting entity. The criteria include, but are not limited to, whether the District exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters), scope of public service, and special financing relationships.

The District is a member of Kaskaskia Special Education District, along with other area school districts. The District's pupils benefit from programs administered under these joint agreements, and the District benefits from jointly administered grants and programming. The District does not have an equity interest in this joint agreement. The joint agreement is separately audited and is not included in these financial statements. Financial information may be obtained directly from Kaskaskia Special Education District, 224 S. Locust St., Centralia, IL 62801.

B. Basis of Presentation – Fund Accounting

The accounts of the District are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets and liabilities (arising from cash transactions), fund balance, revenue received and expenditures disbursed. The District maintains individual funds required by the State of Illinois. The various funds are summarized by type in the financial statements. These funds are grouped as required for reports filed with the Illinois State Board of Education. District resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The following fund types and account groups are used by the District:

Government Fund Types

Governmental funds are those through which most governmental functions of the District are financed. The acquisition, use and balances of the District's expendable financial resources and the related liabilities (arising from cash transactions) are accounted for through governmental funds.

The General Fund, which consists of the Educational Fund and the Operations, Building and Maintenance Fund, is the general operating fund of the District. It is used to account for all financial resources not accounted for and reported in another fund. Special Education levies are included in these funds.

IRVINGTON CONSOLIDATED SCHOOL DISTRICT NO. 11
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

Special Revenue Funds, which include the Transportation Fund, Working Cash Fund, Fire and Safety Fund, and Illinois Municipal Retirement Fund, are used to account for the cash received from specific sources that are restricted or committed to cash disbursements for specified purposes other than debt service or capital projects.

Fiduciary Fund Types

Fiduciary Funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments and other funds.

Governmental and Expendable Trust Funds – Measurement Focus

The financial statements of all Governmental Funds focus on the measurement of spending or “financial flow” and the determination of changes in financial position rather than upon net income determination. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of “available spendable resources.” Governmental Fund operating statements present increases (cash receipts and other financing sources) and decreases (cash disbursements and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of “available spendable resources” during a period.

General Fixed Assets and General Long Term Debt Account Groups

The accounting and reporting treatment applied to the fixed assets and long-term liabilities associated with a fund are determined by its measurement focus. Fixed assets used in governmental fund type operations are accounted for in the General Fixed Assets Account Group, rather than in governmental funds. Long-term liabilities expected to be financed from governmental funds are accounted for in the General Long-Term Debt Account Groups, not in the governmental funds.

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated fixed assets are valued at their estimated fair market value on the date donated. The District does not have a capitalization policy.

Depreciation is computed for informational purposes, by the straight-line method over the estimated useful lives as follows:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
Building	50
Land improvements	20
Equipment	10

Depreciation accounting is not considered applicable (except to determine the per capita tuition charges of which \$22,117 of depreciation expense was allowable).

The two account groups are not “funds.” They are concerned only with the measurement of financial position. It is not involved with measurement of results of operations.

NOTES TO FINANCIAL STATEMENTS
June 30, 2017

C. Basis of Accounting

Basis of accounting refers to when revenues received and expenditures disbursed are recognized in the accounts and how they are reported on the financial statements. The District maintains its accounting records for all funds and account groups on the cash basis of accounting under guidelines prescribed by the Illinois State Board of Education. Accordingly, revenues are recognized and recorded in the accounts when cash is received. In the same manner, expenditures are recognized and recorded in the accounts when cash is received. In the same manner, expenditures are recognized and recorded upon the disbursement of cash. Assets of a fund are only recorded when a right to receive cash exists which arises from a previous cash transaction. Liabilities of a fund, similarly, result from previous cash transactions. Cash basis financial statements omit recognition of receivables and payables and other accrued and deferred items that do not arise from previous cash transactions.

Proceeds from sales of bonds are included as other financing sources in the appropriate fund on the date received. Related bond principal payable in the future is recorded at the same time in the General Long-Term Debt Account Group.

D. Budget and Budgetary Accounting

The budget for all Governmental Fund Types and for the Expendable Trust Fund is prepared on the cash basis of accounting which is the same basis that is used in financial reporting. This allows for comparability between budget and actual amounts. This is an acceptable method in accordance with Chapter 122, Paragraph 17.1 of the Illinois Revised Statutes. The budget was passed on September 20, 2016, and was amended June 27, 2017.

For each fund, total fund expenditures disbursed may not legally exceed the budgeted amounts. The budget lapses at the end of each fiscal year.

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

1. Prior to July 1, the Superintendent submits to the Board of Education a proposed operating budget for the fiscal year commencing on that date. The operating budget includes proposed expenditures disbursed and the means of financing them.
2. A public hearing is conducted to obtain taxpayer comments.
3. Prior to October 1, the budget is legally adopted through the passage of a resolution.
4. Formal budgetary integration is employed as a management control device during the year.
5. The Board of Education may make transfers between the various items in any fund not exceeding in the aggregate 10 percent of the total of such fund as set forth in the budget.
6. The Board of Education may amend the budget (in other ways) by the same procedures required of its original adoption.

IRVINGTON CONSOLIDATED SCHOOL DISTRICT NO. 11
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

E. Investments

Investments are stated at the lower of cost or market. Gains or losses on the sale of investments are recognized upon realization. The District has adopted a formal written investment and cash management policy. The institutions in which investments are made must be approved by the Board of Education.

F. Leave Policies

All full-time employees receive vacation days. They must be used by the last day of each fiscal year. The District's sick leave policy permits accumulation of 180 days. Employees are not paid for unused sick days upon termination of employment. Accordingly, sick pay is charged to expenditures when taken. No provision has been made in the financial statements for unused sick leave.

G. Fund Balance Reporting

According to Government Accounting Standards, fund balances are to be classified into five major classifications; Nonspendable Fund Balance, Restricted Fund Balance, Committed Fund Balance, Assigned Fund Balance, and Unassigned Fund Balance. The Regulatory Model, followed by the District, only reports Reserved and Unreserved Fund Balances. Below are definitions of the differences and a reconciliation of how these balances are reported.

a. Nonspendable Fund Balance

The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example inventories and prepaid amounts. Due to the cash basis nature of the District all such items are expensed at the time of purchase, so there is nothing to report for this classification.

b. Restricted Fund Balance

The restricted fund balance classification refers to amounts that are subject to outside restrictions, not controlled by the entity. Things such as restrictions imposed by creditors, grantors, or laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. Special Revenue Funds are by definition restricted for those specified purposes. The District has several revenue sources received within different funds that also fall into these categories –

1. Special Education

Cash receipts and the related cash disbursements of this restricted tax levy are accounted for in the Educational Fund. Expenditures disbursed exceeded revenue received for this purpose, resulting in no restricted fund balance.

2. State Grants

Proceeds from state grants and the related expenditures have been included in the Educational and Transportation Funds. At June 30, 2017, expenditures disbursed exceeded revenue received from state grants, resulting in no restricted balances.

IRVINGTON CONSOLIDATED SCHOOL DISTRICT NO. 11
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

3. Federal Grants

Proceeds from federal grants and the related expenditures have been included in the Educational Fund. At June 30, 2017, revenue received from federal grants equaled the expenditures disbursed for those specific purposes in the Educational Fund.

4. Social Security

Cash disbursed and the related cash receipts of this restricted tax levy are accounted for in the Municipal Retirement/Social Security Fund. Revenue received exceeded expenditures disbursed for this purpose, resulting in a restricted fund balance \$25,985. This balance is included in the financial statements as Reserved in the Municipal Retirement/Social Security Fund.

c. Committed Fund Balance

The committed fund balance classification refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision making authority (the School Board). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.

The School Board commits fund balance by making motions or passing resolutions to adopt policy or to approve contracts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Employee contracts for services rendered during the school year for employees electing twelve month pay schedules are recorded as disbursements in the fiscal year when such checks are drawn. At June 30, 2017, the total amount of unpaid contracts for services performed during the fiscal year ended June 30, 2017 amounted to \$40,536. This amount is shown as Unreserved in the Educational Fund.

d. Assigned Fund Balance

The assigned fund balance classification refers to amounts that are constrained by the government's intent to be used for a specific purpose, but are neither restricted or committed. Intent may be expressed by (a) the School Board itself or (b) the finance committee or by the Superintendent when the School Board has delegated the authority to assign amounts to be used for specific purposes. There is nothing to report in this classification.

e. Unassigned Fund Balance

The unassigned fund balance classification is the residual classification for amounts in the General Operating Funds for amounts that have not been restricted, committed, or assigned to specific purposes within the General Funds. Unassigned Fund Balance amounts are shown in the financial statements as Unreserved Fund Balances in the Educational, Operations and Maintenance, Working Cash, and Transportation Funds.

IRVINGTON CONSOLIDATED SCHOOL DISTRICT NO. 11
 NOTES TO FINANCIAL STATEMENTS
 June 30, 2017

f. Regulatory – Fund Balance Definitions

Reserved Fund Balances are those balances that are reserved for a specified purpose, other than the regular purpose of any given fund. Unreserved Fund Balances are all balances that are not reserved for a specific purpose other than the specified purpose of a fund.

g. Reconciliation of Fund Balance Reporting

The first five columns of the following table represent Fund Balance Reporting according to generally accepted accounting principles. The last two columns represent Fund Balance Reporting under the regulatory basis of accounting utilized in preparation of the financial statements.

Fund	Generally Accepted Accounting Principles					Regulatory Basis	
	Non-spendable	Restricted	Committed	Assigned	Unassigned	Financial Statements-Reserved	Financial Statements-Unreserved
Educational Operations & Maintenance	\$ 0	\$ 0	\$ 40,536	\$ 0	\$ 185,951	\$ 0	\$ 226,487
Transportation	0	0	0	20,538	0	0	20,538
Municipal Retirement	0	4,908	0	0	0	25,985	(21,077)
Fire Prevention and Safety	0	4,702	0	0	0	0	4,702
Working Cash	0	0	0	0	0	0	0

h. Expenditures and Fund Balance

Unless specifically identified, expenditures act to reduce restricted balances first, then committed balances, next assigned balances, and finally act to reduce unassigned balances. Expenditures for a specifically identified purpose will act to reduce the specific classification of fund balance that is identified.

H. Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates.

NOTE 2 – PROPERTY TAXES

The District’s property tax is levied each year on all taxable real property located in the District on or before the last Tuesday in December. The levy was passed by the Board on December 20, 2016. Property taxes attach as an enforceable lien on property as of January 1 and are payable in two installments on August 15 and October 15. The District receives significant distributions of tax receipts approximately one month after these due dates. All tax revenue was from 2015 and prior levies.

The following are the tax rate limits permitted by the School Code and by local referendum and the actual rates levied per \$100 of assessed valuation:

A. Special Education

Cash receipts and the related cash disbursements of this restricted tax levy are accounted for in the Education Fund. Cumulative disbursements of this special levy exceed cumulative receipts.

NOTE 4 – CASH AND INVESTMENTS

The District is allowed to invest in securities as authorized by Sections 2 and 6 of Public Funds Investment Act (20 ILCS 235/2 and 6), and Section 8-7 of the School Code of Illinois.

Deposits

At June 30, 2017, the carrying amount of the District’s deposits was \$277,179. The bank balance was \$287,743.

The District had no deposits at the end of the year that are exposed to custodial credit risk (bank balances not covered by depository insurance). It is the District’s policy to secure the exposed amounts by using securities held by the pledging financial institution’s trust department but not in the District’s name. The collateral had a face value of \$250,000 and market value of \$245,000.

NOTE 6 – RETIREMENT FUND COMMITMENTS

A. Illinois Teachers' Retirement System

The School District participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the governor's approval. The State of Illinois maintains primary responsibility for the funding of the plan, but contributions from participating employers and members are also required. The TRS Board of Trustees is responsible for the System's administration. TRS issues a publicly available financial report that can be obtained at <http://trs.illinois.gov/pubs/cafr>; by writing to TRS at 2815 W. Washington, P.O. Box 19253, Springfield, IL 62794; or by calling (888)-877-0890, Option 2.

Benefits Provided

TRS provides retirement, disability, and death benefits. Tier I members have TRS or reciprocal service prior to January 1, 2011. Tier I members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service. Disability and death benefits are also provided.

Tier II members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the last four. Disability provisions for Tier II are identical to those of Tier I. Death benefits are payable under a formula that is different from Tier I.

NOTES TO FINANCIAL STATEMENTS

Essentially Tier I retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier II annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Contributions

The State of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2017 was 9.0 percent of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

On behalf Contributions to TRS. The State of Illinois makes employer pension contributions on behalf of the employer. For the year ended June 30, 2017, State of Illinois contributions recognized by the employer were based on the State's proportionate share of the collective net pension liability associated with the employer, and the employer recognized revenue and expenditures of \$288,588 in pension contributions from the State of Illinois.

2.2 Formula Contributions. Employers contribute 0.58 percent of creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ending June 30, 2017, were \$2,047, and are deferred because they were paid after the June 30, 2016 measurement date.

Federal and Special Trust Fund Contributions. When TRS members are paid from federal and special trust funds administered by the employer, there is a statutory requirement for the employer to pay an employer pension contribution from those funds. Under a policy adopted by the TRS Board of Trustees that has been in effective since the fiscal year ended June 30, 2006, employer contributions for employees paid from federal and special trust funds will be the same as the state contribution rate to TRS. Public Act 98-0674 now requires the two rates to be the same.

For the year ended June 30, 2017, the employer pension contribution was 38.54 percent of salaries paid from federal and special trust funds. For the year ended June 30, 2017, salaries totaling \$0 were paid from federal and special trust funds that required employer contributions of \$0. These contributions are deferred because they were paid after the June 30, 2016 measurement date.

NOTES TO FINANCIAL STATEMENTS

Early Retirement Cost Contributions. Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The employer is required to make a one-time contribution to TRS for members retiring under the Early Retirement Option (ERO). The payments vary depending on the member's age and salary. The maximum employer ERO contribution under the current program is 146.5 percent and applies when the member is age 55 at retirement. For the year ending June 30, 2017, the employer paid \$0 to TRS for employer ERO contributions.

The employer is also required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary. A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2017, the employer paid \$0 to TRS for employer contributions due on salary increases in excess of 6 percent and \$0 for sick leave days granted in excess of the normal annual allotment.

B. THIS Fund

The District (employer) participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multiple-employer defined benefit postemployment healthcare plan that was established by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. The THIS Fund provides medical, prescription, and behavioral health benefits, but does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants not enrolled in Medicare may participate in the state administered participating provider option plan or choose from several managed care options. Annuitants who were enrolled in Medicare Parts A and B may be eligible to enroll in Medicare Advantage plans.

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. Effective July 1, 2012, in accordance with Executive Order 12-01, the plan is administered by the Illinois Dept. of Central Management (CMS) with the cooperation of TRS. Section 6.6 of the State Employees Group Insurance Act of 1971 requires all active contributors to the TRS who are not employees of the state make a contribution to THIS.

The percentage of employer required contributions in the future will not exceed 105 percent of the percentage of salary actually required to be paid in the previous fiscal year.

On Behalf Contributions to THIS Fund. The state of Illinois makes employer retiree health insurance contributions on behalf of the District. State contributions are intended to match contributions to THIS Fund from active members which were 11.2 percent of pay during the year ended June 30, 2017. State of Illinois contributions were \$3,952 and the District recognized revenue and expenditures of this amount during the year.

Employer Contributions to THIS Fund. The employer (District) also makes contributions to THIS Fund. The employer THIS Fund contribution was .84 percent during the year ended June 30, 2017. For the year ended June 30, 2017, the District paid \$2,964 to the THIS Fund, which was 100 percent of the required contribution.

C. IMRF PLAN DESCRIPTION

The employer's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The EMPLOYER's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

Funding Policy. As set by statute, your employer Regular plan members are required to contribute 4.50 percent of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer annual required contribution rate for calendar year 2016 was 15.43 percent. The employer also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefit rate is set by statute.

Annual Pension Cost. The required contribution for calendar year 2016 was \$13,227. (If you made an additional payment toward your unfunded amount, add this payment to your monthly contributions, based on payroll and recalculate the percentage of APC contributed.)

Calendar Year <u>Ending</u>	Annual Pension <u>Cost (APC)</u>	Percentage of APC <u>Contributed</u>	Net Pension <u>Obligation</u>
12/31/16	\$ 13,227	100%	\$ 0*
12/31/15	\$ 12,351	100%	\$ 0*
12/31/14	\$ 10,076	100%	\$ 0*

*If you utilized the phase-in contribution rate, the net pension obligation will have to be calculated.

The required contribution for 2016 was determined as part of the December 31, 2014, actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions at December 31, 2014, included (a) 7.5 percent investment rate of return (net of administrative and direct investment expenses), (b) projected salary increases of 3.50% a year, attributable to inflation, (c) additional projected salary increases ranging from 0.4% to 10% per year depending on age and service, attributable to seniority/merit, and (d) post retirement benefit increases of 3% annually. The actuarial value of your employer Regular plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 20% corridor between the actuarial and market value of assets. The employer Regular plan's unfunded actuarial accrued liability at December 31, 2014 is being amortized as a level percentage of projected payroll on an open 27 year basis.

IRVINGTON CONSOLIDATED SCHOOL DISTRICT NO. 11
 NOTES TO FINANCIAL STATEMENTS
 June 30, 2017

Funded Status and Funding Progress. As of December 31, 2016, the most recent actuarial valuation date, the Regular plan was 32.41 percent funded. The actuarial accrued liability for benefits was \$166,389 and the actuarial value of assets was \$53,934, resulting in an underfunded actuarial accrued liability (UAAL) of \$112,455. The covered payroll for calendar year 2016 (annual payroll of active employees covered by the plan) was \$85,724 and the ratio of the UAAL to the covered payroll was 131 percent.

The schedule of funding progress, presented as other information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

NOTE 7 - EGYPTIAN AREA SCHOOLS EMPLOYEE BENEFIT TRUST

Plan Description. The District contributes to the Egyptian Area Schools Employee Benefit Trust (the "Trust"), a cost-sharing multiple-employer defined benefit health care plan administered by the Board of Managers of the Trust. The Trust provides medical benefits to active and retired employees of approximately 160 participating employers. The Trust issues a publicly available financial report that includes financial statements and required supplementary information for the Trust. A copy of the report may be obtained by writing to the Egyptian Area Schools Employee Benefit Trust, c/o Meritain Health, 13 Executive Drive, Suite 19, Fairview Heights, IL 62208, or by calling Meritain Health at (866) 588-2431, Option 3 x 6105. The report is also posted on the Trust's website at www.egtrust.org.

Funding Policy. The Trust Agreement establishing the Trust provides that contribution rates are established and may be modified by the Board of Managers of the Trust. Contribution rates are normally adjusted as of September 1 each year. As of June 30, 2017, participating employers were contractually required to contribute at the following rates for active and retired employees and dependents.

	<u>Plan A</u>	<u>Plan B</u>	<u>Plan C</u>
Employee (Retiree)	\$ 802	\$ 728	\$ 626
Employee + spouse	1,656	1,496	1,296

Family	1,782	1,608	1,394

IRVINGTON CONSOLIDATED SCHOOL DISTRICT NO. 11
 NOTES TO FINANCIAL STATEMENTS
 June 30, 2017

Participating employers may require employees and/or retirees to pay some or all of the required contributions to the employer, but the employer has the legal obligation to pay contributions to the Trust. The District requires retirees to pay 100% of the contribution for coverage for retirees and their dependents.

The Board of Managers of the Trust sets the employer contribution rates each year based on an actuarial valuation. The Trust's actuary had determined that as of June 30, 2010 the Trust had no Unfunded Actuarial Accrued Liability for Other Post Employment Benefits (OPEB) and is not expected to have an Unfunded Actuarial Accrued Liability as of June 30, 2012. The actuary has further determined that current contribution rates exceed the Annual Required Contribution (ARC) determined in accordance with the parameters of GASB Statement 45. The District's contributions to the Trust for the years ending June 30, 2017, June 30, 2016 and June 30, 2015, were \$48,349, \$51,533 and \$44,839, respectively, which equaled the contractually required contributions each year.
